Dr. Charles W. Lamontagne — Superintendent

TO THE CLASS OF 1980:

Congratulations to the first graduating class of the decade of the eighties. Sometimes we feel that when a new decade begins, we have the opportunity to leave behind the errors and shortcomings of the past and are given a chance to start anew.

Arnold Toynbee tells us that of the notable civilizations which have perished, few fell from conquest from without, most died from decay from within. Let us learn from the past and always strive to find resolutions to solve the problems in today's world, to eliminate prejudice among people, to develop responsibility, and to meet the challenge of diminishing energy sources.

In the next ten years you will be gaining further training and experience to deal with the difficult question of energy consumption. Technical and social solutions must be found. You will play an important role. You will continue to learn and to discover new ways to solve old and new problems of daily living.

The background which you have gained at Woburn High School will stand well as you go forward.

Best of luck to each of you of the Class of 1980.

Charles W. Lamontagne

Dr. Charles W. Lamontagne
Superintendent of Schools

Bertha Bane — Assistant Superintendent

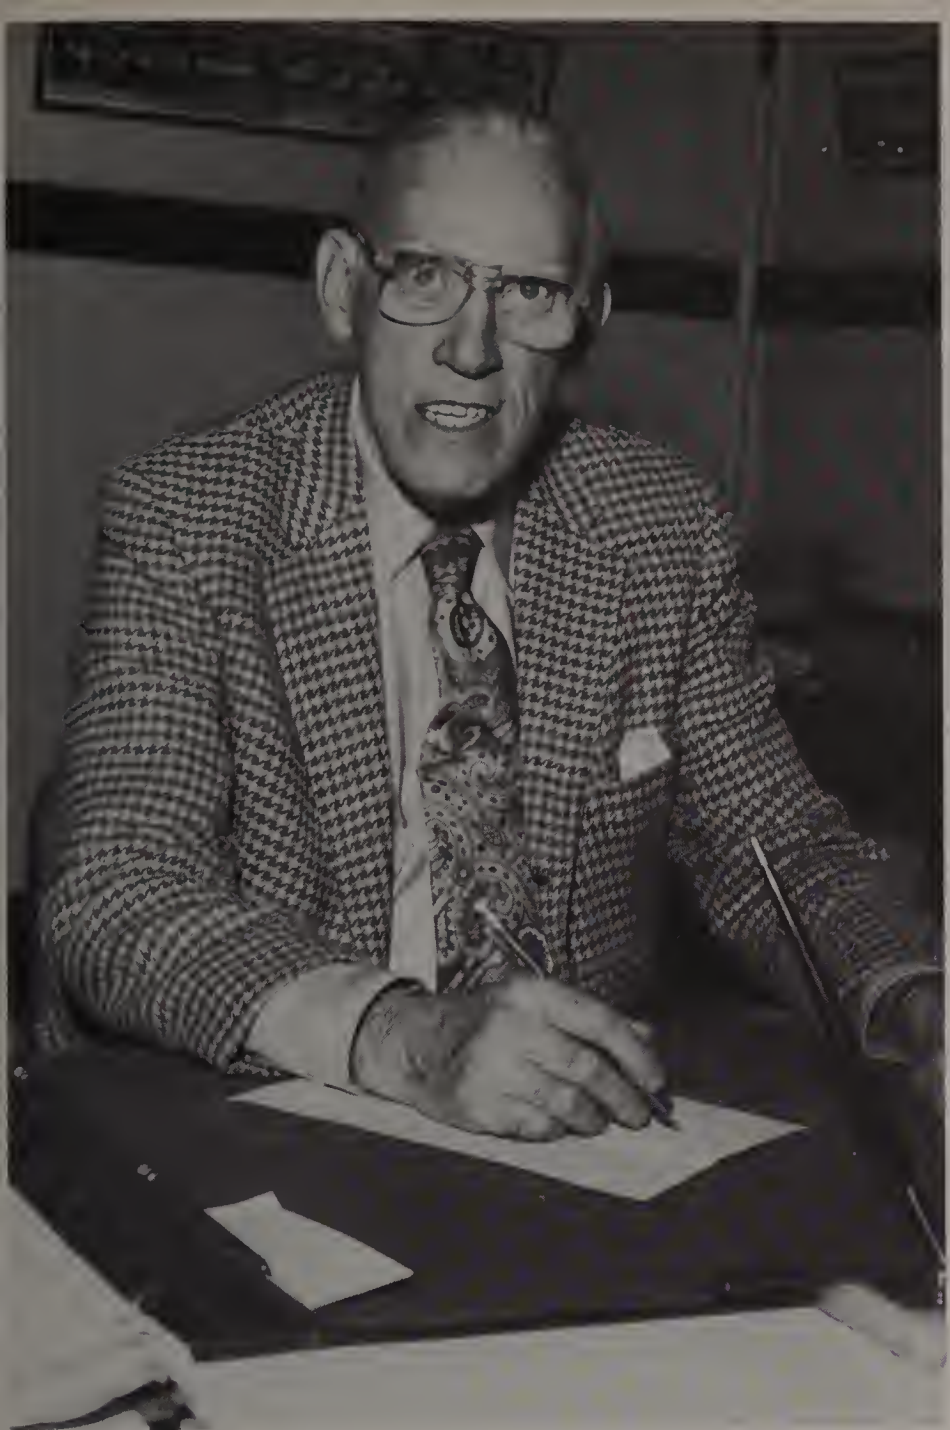

Paul J. Andrews — Assistant Superintendent

Ellen McCarthy — Assistant Superintendent

Edward Marashio — Assistant to the Superintendent

Henry D. Blake — Principal

YEARBOOK MESSAGE

To The Members of the Class of 1980:

There is a legend told of old:

One night in ancient times, three horsemen were riding across a desert. As they crossed the dry bed of a river, out of the darkness a voice cried, "Halt".

They obeyed. The voice then told them to dismount, pick up a handful of pebbles, put the pebbles in their pockets and remount.

The voice then said, "You have done as I commanded. Tomorrow at sun-up you will be both glad and sorry." Mystified, the horsemen rode on.

When the sun arose, they reached into their pockets and found that a miracle had happened. The pebbles had been transformed into diamonds, rubies, and other precious stones. Then they remembered the warning. They were both glad and sorry — glad they had taken some and sorry they had not taken more . . .

And this is the story of Education.

On the eve of graduation in June 1980 you are probably both glad and sorry — glad you have taken some, and sorry you have not taken more.

May the pebbles of the hard won experiences of your high school career be transformed into the precious stones — health, good fortune, love, and hope — of your future years!

Henry D. Blake

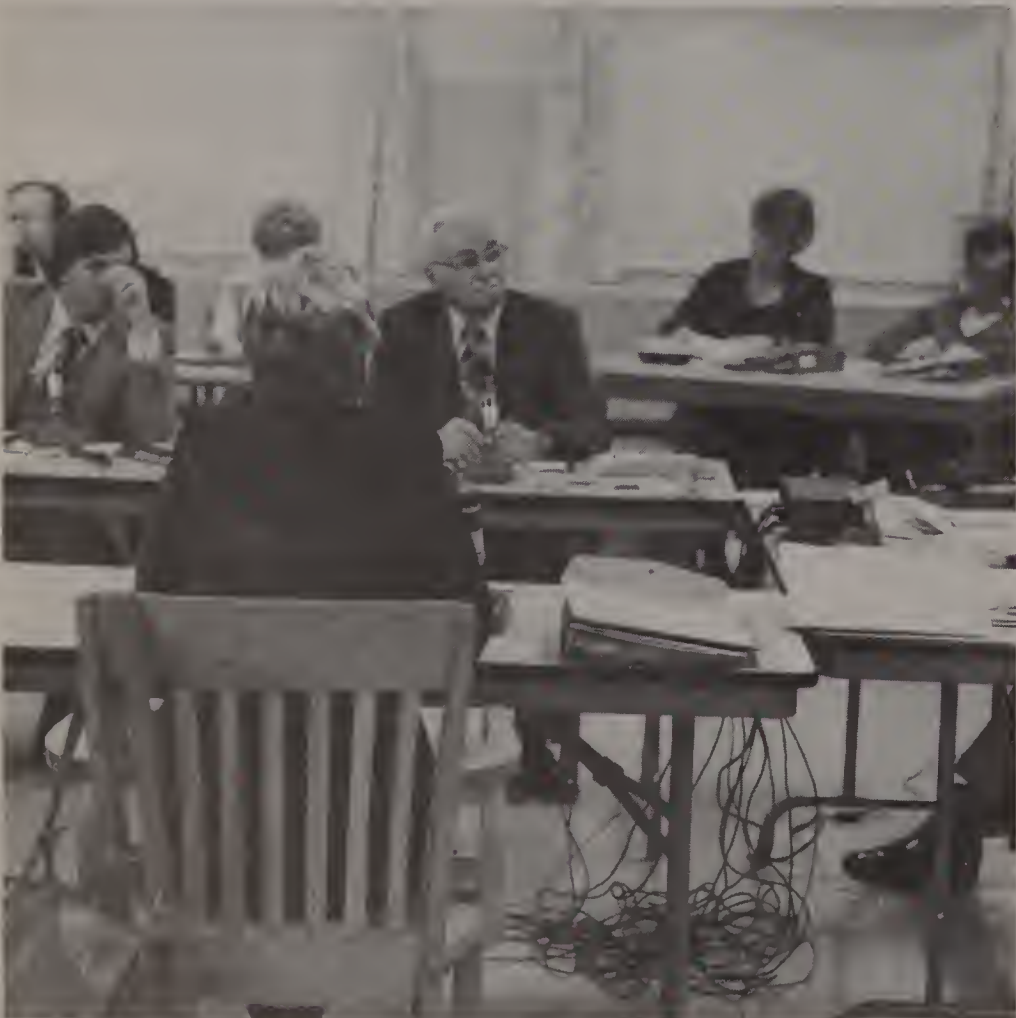

Paul K. Sweeney — Assistant Principal

Woburn School Committee

Seated (L to R): Rosemary Moran; Anthony Rotondo, (Chairman); Agnes P. Marderosian; Second Row (L to R): Robert F. Cannon; George T. Contaloni; Carl J. Torrice; Stephen P. Martin; Dr. Charles W. Lamontagne.

MR. JOSEPH CURRAN, Housemaster

Joseph Curran
Senior Housemaster

To the Members of the Class of 1980:

As your stay at Woburn High School draws to a conclusion, the members of the Class of 1980 can be proud of their achievements in the academic, athletic, and other extracurricular areas. As individuals, teams, clubs, and performing groups, you have excelled. This excellence has produced a feeling of pride and dignity in you, your parents, your school, and your community. The competence, ability, loyalty, and leadership you have displayed will serve you well in the years to come.

My association with you over the past three years has been a very pleasant one because of your many accomplishments. My feelings for you as individuals and as a class are expressed perfectly by the motto on one of the class buttons--"When it comes to CLASS, '80 says it all."

Dedication

As we recall our years at Woburn High, many pleasurable associations come to mind. Our memories are mingled with thoughts of the people we have met. There are many teachers who have stimulated our growth in the classroom, coached us on the athletic fields, and advised us in our extra-curricular activities. Of all of these people, one person comes to mind as having contributed more than any other to the Class of 1980.

Many members of our class have been served in some way by this individual who always has given willingly and cheerfully of his time, knowledge, and energy. He has become a friend, as well as an advisor and teacher. Regardless of what our activity or concern has been, he has been available to provide advice and assistance. His unselfish participation in our activities and his continuous good humor have brightened many of our days here.

To express in a small way our appreciation for his interesting and relevant instruction, for his extra time and effort, and for his friendship, we dedicate the 1980 INNITOU to

Peter L. Dempsey

Keith “Tinka” Nelson

We're all thinking of you today
So that must be a clue,
to what we're trying to say.
We all miss you so much
and we wish you were here
Yet being just beyond touch
Does not mean you're not near.
You are near in our thoughts,
and you're near in our hearts,
It's just that we live
in 2 different parts.
Someday, somewhere, we shall all unite
But that is only seen
thru God's holy sight.
We all knew him so well
He was the best there could be,
There is no need to tell,
All his friends loved him.

Acknowledgements

The Staff of the 1980 INNITOU wishes to thank the following for their invaluable help.

CRAZY CIRCLES

Life is like a merry-go-round
 Painted horses riding up and down
 The music takes you
 And you're gone again
 Crazy circles never seem to end
 And I will face the sun
 Leaving shadows far behind
 And together we'll go on through time
 Life is just a game of chance
 Some find riches and some romance
 Some find happiness and some find sorrow
 Some find it today and some maybe tomorrow
 And I will face the sun
 Leaving shadows far behind
 And together we'll go on through time
 Life is like a carousel
 You aim for heaven and you wind up in hell
 To all the world you're living like a king
 But you're just a puppet on a broken string
 And I will face the sun
 Leaving shadows far behind
 And together we'll go on through time
 Life is like
 Crazy circles going round and round
 One day you're up
 And the next day you're down
 Life is like
 A merry-go-round

“What more could you want than the best sporting goods?”

You may already know that when it comes to quality name-brand sporting goods at competitive prices, Colman's is way ahead of the game. What you may not know tho is that this selection is just the beginning of what we have to offer you. For instance...

1. Genuinely friendly, knowledgeable people:

In other words: “No snobby sales help allowed!” The last thing anyone needs is some self-impressed sales clerk pressuring you into more precision (i.e. more expensive!) equipment than you really need. So relax. This is supposed to be fun, remember?

2. Equipment “Life-Extender” Service:

is a service to help you eke out extra miles of use from your present gear. Whatever your sport, before you ditch that gear, talk to us — we just may be able to save its life, and your budget. For example, we can re-sole your worn running shoes for about half of what a new pair would cost!

3. Equipment repairs:

If you break it, and it can possibly be fixed, Colman's can do it: on time, as promised, at the price quoted.

4. Team Specialists:

No matter what the sport or level of ability, a Colman's Team Specialist can fit your crew to a “T,” without a Major League bill!

5. Liberal Refund Policy:

At Colman's we understand that sometimes that impulse to buy is not always an impulse to use. So if you must change your mind, just do so within 7 days (before you use it, of course), and return it for a total refund. What could be fairer?
